## FLOOR STANDER

### COMPLETELY NEW, COMPLETELY MODERN

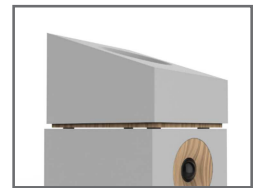

The new Jamo Studio 8 series has been completely reimagined to live seamlessly in modern, premium environments. Contemporary material and finish choices accentuate the clean, minimalist lines of this European design, while the compact cabinet designs are an ideal solution for urban living environments around the world.

### PREMIUM PERFORMANCE

The 1" soft dome tweeter provides smooth, refined high frequencies, with two 5" polyfiber woofers for balanced, cinematic low end. The integrated WaveGuide focuses the high frequency sound for dynamic, true-to-life reproduction, while the front-firing tube port allows for better low frequency extension with placement flexibility.

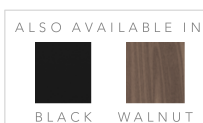

### SEAMLESS DOLBY ATMOS® INTEGRATION

Elegant metal fasteners atop the cabinet provide a chic, modern industrial look, but also serve as a connection point for the S 8 ATM Dolby Atmos elevation speaker. This patent-pending design allows for all of the wire connections on the back of the floorstander, avoiding unsightly and messy speaker wire going all the way up to the Atmos module - for cinematic, completely immersive Dolby Atmos® sound while preserving the beautiful aesthetic of the Jamo Studio 8 Series.

### SPECIFICATIONS

FREQUENCY RESPONSE	42Hz - 26kHz
SENSITIVITY	90dB (2.83V @ 1m)
POWER HANDLING (CONT/PEAK)	100W / 200W
NOMINAL IMPEDANCE	8 Ohm
HIGH FREQUENCY DRIVER	25mm (1") Soft Dome Tweeter
LOW FREQUENCY DRIVER	2 x 127mm (5") Polyfiber Woofers
CROSSOVER	2kHz
ENCLOSURE MATERIAL	MDF
ENCLOSURE TYPE	Bass Reflex via Front Firing Slot Port
INPUTS	Single Binding Posts (Main / Height)
FINISHES	Black, Walnut, White (Shown)
DIMENSIONS (HxWxD)	915mm x 191mm x 252mm 36.02" x 7.52" x 9.92"

## MONITOR

### COMPLETELY NEW, COMPLETELY MODERN

The new Jamo Studio 8 series has been completely reimaged to live seamlessly in modern, premium environments. Contemporary material and finish choices accentuate the clean, minimalist lines of this European design, while the compact cabinet designs are an ideal solution for urban living environments around the world.

### PREMIUM PERFORMANCE

The 1" soft dome tweeter provides smooth, refined high frequencies, with a 4" polyfiber woofer for balanced, musical low end. The integrated WaveGuide focuses the high frequency sound for dynamic, true-to-life reproduction, while the rear-firing port allows for better low frequency extension.

### SMALL CABINET, BIG SOUND

The compact cabinet of the S 801 allows for extremely versatile placement options, whether it's part of a high performance home cinema, or standing alone as a 2-channel listening system in a chic, fashionable living space. Engineered to belie its small cabinet size, the S 801 is specifically designed to provide exceptional output and balanced, full sound in any application despite its small stature.

### MAGNETIC GRILLES

Fully magnetic grilles – no mounting holes or push pins – for a clean, minimalistic front baffle design, while the large woven linen grille cloth creates visual interest with heavy texture.

## SPECIFICATIONS

FREQUENCY RESPONSE	76Hz - 26kHz
SENSITIVITY	85dB (2.83V @ 1m)
POWER HANDLING (CONT/PEAK)	60W / 120W
NOMINAL IMPEDANCE	8 Ohm
HIGH FREQUENCY DRIVER	25mm (1") Soft Dome Tweeter
LOW FREQUENCY DRIVER	102mm (4") Polyfiber Woofer
CROSSOVER	2kHz
ENCLOSURE MATERIAL	MDF
ENCLOSURE TYPE	Bass Reflex via Rear Firing Slot Port
INPUTS	Single Binding Posts
FINISHES	Black, Walnut, White (Shown)
DIMENSIONS (HxWxD)	285mm x 156mm x 163mm 11.22" x 6.14" x 6.42"

CENTER CHANNEL

## COMPLETELY NEW, COMPLETELY MODERN

The new Jamo Studio 8 series has been completely reimagined to live seamlessly in modern, premium environments. Contemporary material and finish choices accentuate the clean, minimalist lines of this European design, while the compact cabinet designs are an ideal solution for urban living environments around the world.

## PREMIUM PERFORMANCE

The 1" soft dome tweeter provides smooth, refined high frequencies, with dual 4" polyfiber woofers for balanced, dynamic low end. The integrated WaveGuide focuses the high frequency sound for dynamic, true-to-life reproduction, while the rear-firing slot port allows for better low frequency extension.

## OPTIMUM DIALOGUE REPRODUCTION

The S 81 CEN is engineered for clear, balanced dialogue reproduction, making it an ideal center channel for a premium surround sound system. The WaveGuide focuses frequencies in the vocal range directly to the listening area so dialogue is clear, articulate, and realistic, and you never miss a detail.

## MAGNETIC GRILLE

Fully magnetic grille – no mounting holes or push pins – for a clean, minimalistic front baffle design, while the large woven linen grille cloth creates visual interest with heavy texture.
